UTILITIES

PARTNERSHIP

Full Power Utilities Ltd (Full Power) are pleased to be working in partnership with the Hampstead Village BID to bring businesses in the area a better way to secure their energy contracts.

For over 21 years North London based Full Power have successfully partnered with our clients, large and small to provide help and support in the complex commercial utility market. With a reach to over 40 suppliers we can gain the best rates possible, whilst helping you through the renewal or new installation process.

The service is completely FREE for Hampstead businesses!

SAVE MONEY ON CORE BUSINESS COSTS

Full Power's procurement process is managed in house by their highly experienced team of independent brokers and their support teams!

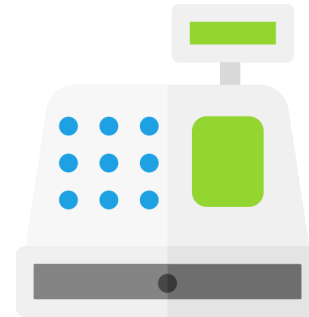

Electricity

Gas

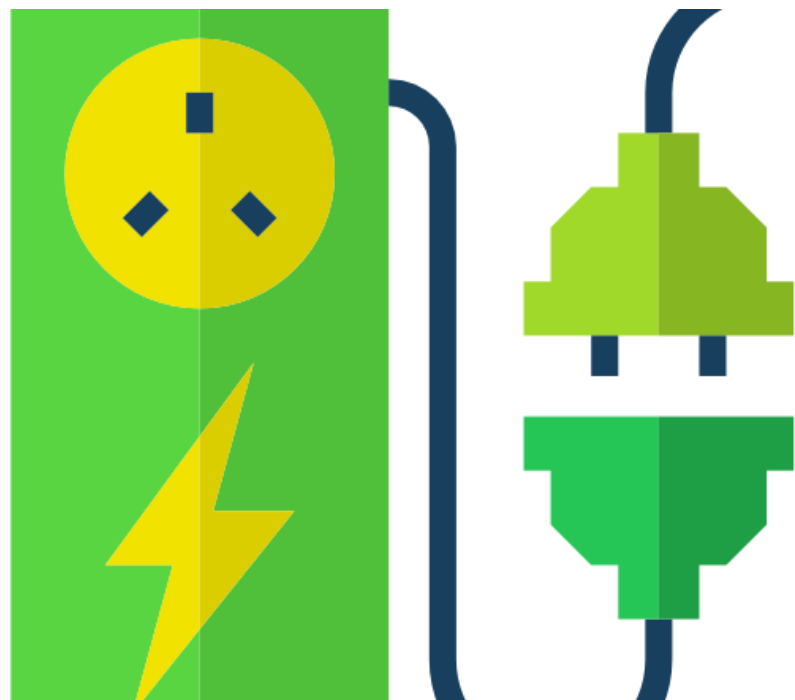

Water

Merchant Fees

Insurance

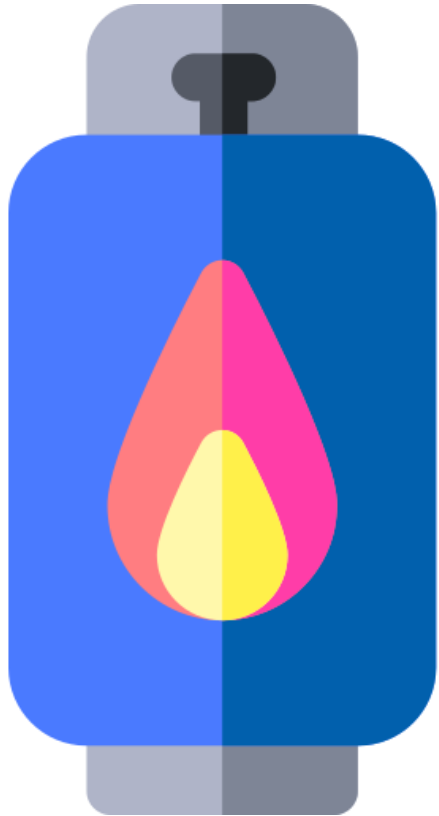

ELECTRICITY

We have access to the whole market and can offer bespoke, standard fixed, fully fixed, pass through, energy only, basket and flexible pricing on contracts out to the end of curve.

We take our clients through an identification process and assess their appetite for risk, which will determine what the best type of contract structure suits their business needs.

We are very flexible towards our client's requirements and we will guide, educate and advise our clients as a standard practice.

GAS

We offer full gas procurement services, which also include a whole of market approach and various contract options.

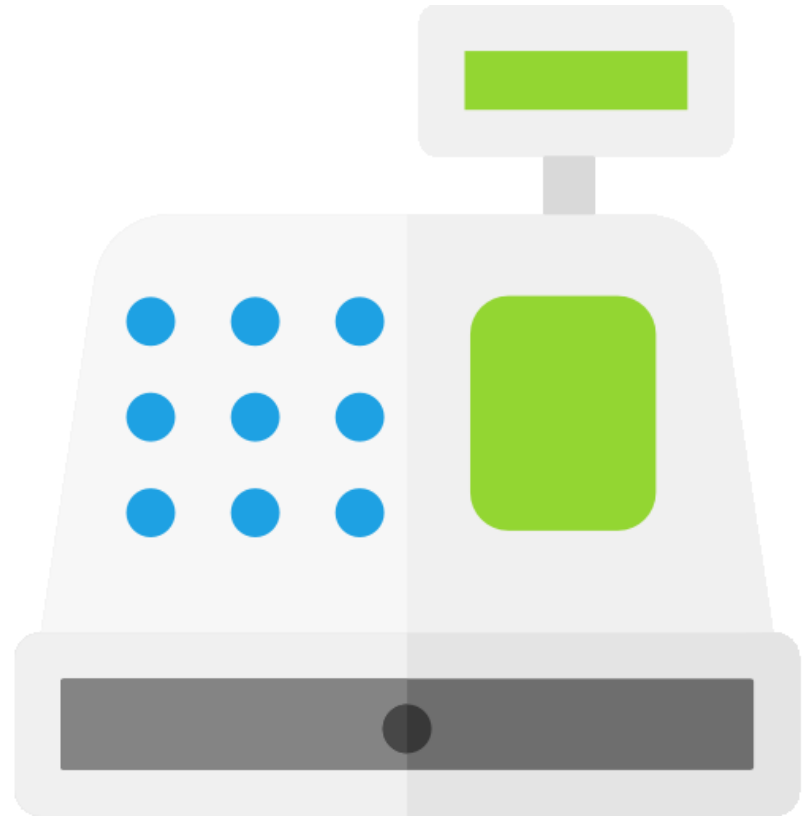

Like our approach with electricity, we will take our clients through our internal process to understand what type of contract will work best for their business.

WATER

The water market has been deregulated, allowing clients to choose their water supplier in the same way as choosing your electricity supplier.

Guiding clients through this new field with our expertise offers more cost savings and is simple and flexible. Again, Full Power provides the service, support and implementation to give smooth, professional execution.

MERCHANT SERVICES

Full Power can review members costs as well as setup fees for their merchant services.

This includes card terminals, EPOS systems and online transactions.

INSURANCE POLICIES

Full Power can review clients / members costs as well as setup fees for their general insurance.

This includes all forms of insurance packages; Commercial and Individual.

GET IN TOUCH

If you are looking to save money on your core business costs, please do not hesitate to get in touch!

The service is completely FREE!
